Overview & Acknowledgment

This event was made possible by the cooperative efforts of the eleven land grant institutions, in cooperation with the Dewitt Wallace Readers' Digest Foundation. It was spearheaded by the University of Guam's Cooperative Extension Service. Special recognition goes out to Guam's Agricultural Development in the American Pacific (ADAP) Director for initiating and maintaining the efforts necessary for implementation.

Additional recognition goes to the Agricultural Development in the American Pacific land grant institutions, which include:

- the University of Guam,
- the University of Hawaii at Manoa,
- the Palau Community College,
- the College of the Marshall Islands,
- the American Samoa Community College, and
- the Northern Marianas Community College.

The following pages contain the names, addresses, and contact numbers of those individuals who participated in, facilitated during, and contributed to the past two training conferences.

This document is intended to serve as a Resource Tool for participants in order that they may maintain and further develop the collaborative networks formed.

We would like to thank everyone.... who in one form or another, contributed to the success of this collaboration.

CREATION OF COCONET - An Electronic Bulletin Board

One of the collaborative efforts that resulted from the workshop is the creation of an electronic bulletin board which the participants have named CocoNet. The full address is:

<Coconet@CSFC.Guam.Net>.

CocoNet serves as a depository of information on upcoming training opportunities as well as an avenue for communication of problem areas where group input is being solicited. Mr. Wayne Butler from the Superior Court of Guam has volunteered to be the board keeper. His full address is located within the pages of this directory.
